Zelaya Supporter Defends Hitler's Holocaust

Honduras' Radio Globo Executive Director David Romero made the following on air remarks last Friday, September 25th, regarding his alleged investigation into the involvement of Israeli officials in the events unfolding in Honduras against former President Manuel Zelaya. Below is a link to the audio, as well as a transcript and English translation.

These outrageous remarks from one of Zelaya's most prominent supporters come on the heels of comments made by Zelaya himself the same day. The Newsweek blog reported the Zelaya remarks, saying: *"The once-proper president has resorted to sleeping on chairs and surviving on biscuits delivered to his makeshift bunker. His throat is sore from toxic gases, he says, while 'Israeli mercenaries' are supposedly torturing him with high-frequency radiation from a device resembling a large satellite dish. Even Brazilian Foreign Minister Celso Amorim told CNN en Español he thinks Zelaya has lost it, ordering him to tone down his rhetoric while he remains an embassy guest."* [Newsweek, Wealth of Nations Blog, 9/25/09]

DAVID ROMERO: "...Yo me he preguntado, habrá un hondureño, ya sea vestido de militar o no, capaz de hacer lo que están haciendo ahí - tratando de envenenar al Presidente de la República? Me he dado cuenta que de repente no puedan ser complices. Pero el hondureño cuando encuentra a alguien que le ayude a hacer maldad, yo creo que sí hace maldad."

"Hay veces que me pregunto si Hitler no tuvo, tuvo la razón de haber terminado con esa raza con el famoso Holocausto. Si hay gente que hace daño en este país son judíos, los israelitas. Yo quiero esta tarde aquí en Radio Globo decir, con nombre y apellido, quienes son los dos oficiales del ejército judío que están trabajando con las Fuerzas Armadas de nuestro país y que se están encargando de hacer todas estas actividades de conspiración y acciones encubiertas y todo lo que le está pasando al Presidente de la República."

"Después de que me he enterado me pregunto por qué, por qué no dejamos a Hitler que

cumpliera su misión histórica. Discúlpennme la expresión grotesca de repente. Pero me pregunto después de que me doy cuenta de esto y muchas cosas más. Yo creo que debió haber sido justo y valedero que Hitler hubiese terminado su visión histórica..."

ENGLISH TRANSLATION

"I have asked myself, is there a Honduran, whether on military uniform or not, capable of doing what they are doing there - trying to poison the President of the Republic? I have realized that they cannot be accomplices. But when a Honduran finds someone to help him do evil, I believe he can do evil.

"There are times when I ask myself if Hitler was or not correct in finishing with that race with the famous Holocaust. If there are people that do damage in this country, they are Jewish, the Israelis. I want to name, this afternoon here in Radio Globo, by name and last name, who are the two officers of the Jewish army who are working with the Armed Forces of our country and who are in charge of carrying out all these conspiracy activities and undercover actions and everything else that is happening to the President of the Republic.

"After what I have learned, I ask myself why, why didn't we let Hitler carry out his historic mission. Forgive me for the grotesque expression. But I ask myself after I have realized this and many other things. I believe it should have been fair and valid to let Hitler finish his historic vision..."
